

Song 4 Lovers

Liberty X

The drumbeats go like this

Yo, yo

Now once again, my friend it's the reverend

The first platinum status rap president

And from the coast to California, to the show the main

Got an East Coast sound and my beats go bang

My own black crown with my snickers got my name

And I'm back yo, with my collar and cape

Like a superhero armed with an old school tape

It's the rev, yo, you gots to believe

There's a song for lovers you can hear all the time

But you're like no other to me

So I'm not gonna promise you a starry sky

You just need to believe

(Just need to believe)

I take time for my rhyme and I climb but don't reach

Hustling when we rustle and grime and rock beats

And this is it what another hit for the streets

I got love for my people from Queens to overseas

Step into the room and then 'Boom' the horns scream

Rev's coming well and regal, I've got dreams

Just like Martin Luther the king I might teach

Rock a collar to the party, after party going reach

There's a song for lovers you can hear all the time

(All the time)

But you're like no other to me

(Like no other, like no other)

So I'm not gonna promise you a starry sky

You just need to believe

(I'll be your friend)

If you say you love me

(I won't let you down)

If you say you really care

(Hold out your hands)

If you say you really want me

(I will be there)

I promise I'll be there, oh, oh

There's a song for lovers you can hear all the time

(All, yeah)
But you're like no other to me
(Like no oither, like no other)
So I'm not gonna promise you a starry sky
(Nothing but a starry sky)
You just need to believe
There's a song for lovers you can hear all the time
But you're like no other to me
(Like no other, like no other)
So I'm not gonna promise you a starry sky
You just need to believe
(Just need to believe)
Faith is the substance of things hoped for
(You just need to believe)
The evidence of things not seen
(You just need to believe)
Your faith has made you whole
(Yeah)
