Too Much

Zendaya

(Come on)
Steppin' out the door they already know the song like oh yeah.
Brush up on the scene like we read about in a magazine like oh yeah.
so fly from head to toe
Keep yours, we got out own
Can't tell us nothin' oh
do what we want like oh yeah
Cause we always get it poppin' poppin'
That's that reason why you talkin' talkin'
You say we killin' it? stop it stop it...the beat get hot drop it
Baby we're too much, much to handle
Understand it when we turn it up
Too much, much to handle
Yeah we're just too much(x2)
you don't get it
You don't get it babe
you aint never gonna get it babe(Here we go)
Hey hey hey heyToo much, much to handle
understand it when we turn it up (ha ha) (woo)
Too much, much to handle (hey)
Yeah we're just too much (one time now)Baby we're too much, much to handle
Understand it
Yeah we cant be touched (get funky with it) (haha)
Too much, much to handle (hey)
Yeah we're just too much (too much)You don't get it
You don't get it babe
You'll never gonna get it babe
(Never gonna get it babe)
