

Dragon (That's What You Wanted)

Alyson Stoner

Step into the dragon's lair
If it's too hot, get outta here
Don't you act like you don't care
When you see me everywhere Always runnin' hot and cold
Up and down and back and forth
You hear yes when I say no
Round and round, away we go We agree to disagree
But were you ever meant for me
I don't know, I don't know I, will not apologize
For packing up my life and leaving
I, can't waste any more time
Waitin' for you to call me baby That's what you wanted, yeah That's what you wanted, that's what you wanted
That's what you wanted, that's what you're gonna get
That's what you wanted, that's what you wanted
That's what you wanted, that's what you're gonna get You think you're a dragon slayer
But I don't think you can compare
After all the smoke is clear
Take a look into the mirror Always runnin' hot and cold
Up and down and back and forth (don't know)
You hear yes when I say no (don't know)
Round and round, away we go We agree to disagree
But were you ever meant for me
I don't know, I don't know I, will not apologize
For packing up my life and leaving
I, can't waste any more time
Waitin' for you to call me baby That's what you wanted, yeah That's what you wanted, that's what you wanted
(That's what you, you wanted)
That's what you wanted, that's what you're gonna get
(That's what you, you wanted)
That's what you wanted, that's what you wanted
(That's what you, you wanted)
That's what you wanted, that's what you're gonna get
(What you wanted, eh) There's no turnin' back, cause baby
You're the one who did this to me
Give me one good reason that I shouldn't run from ya
There's no time to second guess, oh
Baby you should hold your breath
This is when I save myself
I'm better off without you I, will not apologize

(Wo-oa-oah)
For packing up my life and leaving
(Better off without you)
I, can't waste any more time
(Wo-oa-oah)
Waitin' for you to call me baby
(Better off without you)I, will not apologize
For packing up my life and leaving
I, can't waste any more time
Waitin' for you to call me baby
(Wo-oa-oah)That's what you wanted, that's what you wanted
(That's what you, you wanted)
That's what you wanted, that's what you're gonna get
(That's what you, you wanted)
That's what you wanted, that's what you wanted
(That's what you, you wanted)
That's what you wanted, that's what you're gonna get
What you wanted, eh
