

Don'T Go (Album Version)

Hope Partlow

It's a slow good night
And I just don't know how to feel
He takes his foot off the gas
Cause we're moving too fast
But I'm the one strapped in behind the wheel
And it's a longer ride
And I'm on an even kill
Till his foots on the brake
Like it's all a mistake
He remembers how he's not suppose to feel
And I say I believe this is killing me
Don't go, don't go, yeah
I say I believe this is killing me, don't go
And if the hardest fight
When all of my armor has peeled
My defenses are down
He retreats without a sound
From the silence his intentions are revealed
And I say I believe this is killing me
Don't go, don't go, yeah
I say I believe this is killing me, don't go
I just don't want you to go
Yeah, I say I believe this is killing me
And maybe I'm just holding onto something your not holding onto any
longer
I wish that I could let it go and let my senses take control
So that we could finally end this war
And I say I believe this is killing me
Don't go, don't go, yeah
I say I believe this is killing me, don't go
I just don't want you to go
I believe this is killing me
Can't believe I should leave him be
I believe this is killing me
Don't go
