Sa Iyo

Sarah Geronimo

You came into my life and made me see
That I can learn to breath and live again
But now it seems that you've had a change of heart
And everything we have, you're willing to throw away
Did You ever feel that I can ever love you for real
Why did you have to go Baby I need you so

Chorus:
If only I can be Back in your arms again
Then I can make you feel the love we knew back then
Maybe you and I would see forever
If only I can be Back in your arms again

Oh how can I ever make you know
That you're simply everything to me
And how can I make you believe
That I would truly live and die for you
I can't understand how you could ever break my heart
Why did you have to go Baby I need you so

Chorus:
If only I can be Back in your arms again
Then I can make you feel the love we knew back then
Maybe you and I would see forever
If only I can be Back in your arms again

If only I can be Back in your arms again
Then I can make you feel the love we knew back then
Maybe you and I would see forever
If only I can be Back in your arms again
