

It's Hard To Walk Tall When You're Small

Morrissey

I can kill standing still
Its easy
I can scare with a stare
Its easyHey Ringo, its sad though
Because its hard to walk tall, when youre small
Whether dressed in disciplined style, never mind
When youre small, you walk as if youre fallingI attack from the back
Because its easy
And I can assail
While wearing very nice jeweleryOh hey Ringo, its sad though
Because its hard to walk tall, when youre small
Whether dressed in disciplined style, never mind
When youre small, you spend your life crawlingI burst into public bars and I throw my weight around
And no one can even see me
No one can even see me
Nobody can see me, no one can see meSuccess is just a mess, ohHey Gringo, Its sad though
Because its hard to walk tall, when youre small
Whether dressed in disciplined style, never mind
When youre small, youre bound to look appallingSo compadre, please do this for me
Compadre, please weep for me
Compadre, compadre
Please weep for me
