

24 Song

PRIME Sth

Speed it up, let me through
Don't waste your time, I'll never be like you
Like this cake, like this hole
Like there's nothing ever been told I'm raising hell like a mad machine
Light me up I'm drinking gasoline
Speed it up, don't slow me down
While I look for things that you will never find I'm just sure that I want more
Burning out at 24
I'm so bored and I want more 24 Ten times removed, don't know where I belong
Explicit words in a birthday song
Like this cream, like this black
Like there's nothing holding me back I'm raising hell like a mad machine
Light me up, I'm drinking gasoline
Speed me up, don't slow me down
While I search for things that you will never find I'm just sure that I want more
Burning out at 24
I'm so bored and I want more
Give me more And I know things will never change
And I know things will stay the same here
'Cause I know I can't rearrange this
24, 24, 20 Speed it up, let me through
Don't waste your time I'll never be like you
Like this cake, like this hole
Like there's nothing ever been told Like this cream, like this black
Like there's nothing holding me back
I'm raising hell like a mad machine
So fucked up, I'm drinking gasoline And I know things will never change
And I know things will stay the same here
'Cause I know I can't rearrange this
'Cause I know it
