

# Love Today

**Hannah Fury**

Rest assured  
I remember every word  
I remember all I heard And that summer  
All the joy went away  
All that I had to say For love of life  
Don't say goodbye  
For love of life  
Don't say goodbye So, at the window  
Don't heed the call  
Don't think we've lost it all  
Just try to love today  
Try to love today
