

# New York

## Snow Patrol

If you were here beside me  
Instead of in New York  
If the curve of you is curved on me  
I'd tell you that I love you  
Before I ever knew you  
'Cause I love the simple thought of you  
If our hearts are never broken  
then there's no joy in the mending  
There's so much this heart can teach us both  
Though there's distance and there's silence  
Your words have never left me  
You're the prayer that I say every day  
Come on  
Come out  
Come here  
Come here  
x4

The long neon nights and the ache of the ocean  
And the fire that was starting to spark  
I miss it all from the love to the lightning  
And the lack of it snaps me in two

If you were here beside me  
Instead of in New York  
In the arms you said you'd never leave  
I'd tell you that it's simple  
And it was only ever thus  
There is no where else that I belong  
Come on  
Come out  
Come here  
Come here  
x4

The long neon nights and the eek of the ocean  
And the fire that was starting to spark  
I miss it all from the love to the lightning  
And the lack of it snaps me in two  
Just give me a sign  
There's an end and a beginning

To the quiet chaos driving me mad  
The long neon night and the want of the ocean  
And the fire that started to go out
