

Corn Bread (Feat. Joe Lawlor)

Dave Matthews Band

Dancing with the devil round the fire
Messed your mamma's bed for a little more magic
Make you wanna run around naked
'Cause you know it looks go on you But you ain't ever had my cornbread
A little bit of heaven, and a little bit of aw yeah
Cut it down the middle
Open wide and jump right in Oh God, said I give you love
And I wanna jump off but the dark is enough
Yes, I messed one up and I got shoot up
But the joy is steeped in sin The old man he come runnin' 'round here
Looking for the sinner who took his baby
I'm gonna tell you that it was me
And the joy was steeped in sin The soul's inside my soul before you
All the innocence that running fire
All inside my darkness, lover lie
All the innocence that makes you wise Dancing with the devil round the fire
Messed your mamma's bed for a little more magic
Make you wanna run around naked
'Cause you know it looks go on you But you ain't ever had my cornbread
A little bit of heaven, and a little bit of uh uh
Cut it down the middle
Open wide and jump right in Oh no more we're taking a chance
And when I get caught
Oh my baby, running out of town
'Cause it makes me mad
The joy is steeped in sin Preacher man said to watch your fall
But behind that curtain
See us getting it on
Oh give him what he wants
Children calls drop
Steeped in sin The song's inside my soul because of you
All the innocence that makes me wild
Oh the fire that's burning, a little more, let's jump on the bed
It's all inside our heads
Golden love again
The love that we would make, too bitter
What case you tell me friend?
Is love that do pretend
That one is better than the other Dancing with the devil Oh oh oh

Oh oh oh
Oh oh Dancing with the devil round the fire
Messed your mamma's bed for a little more magic
Make you wanna run around naked
'Cause you know it looks go on you But you ain't ever had my cornbread
A little bit of heaven, and a little bit of uh uh
Cut it down the middle
Open wide and jump right in It's all inside dark falls on me
All the minutes that will make you right
Oh man we play the dance has done enough
Oh I will lay on my baby
It's all inside
It's all inside you
It's all inside make you happy, baby
It's all inside you
It's all inside you
What you need to make you happy
It's all inside you
It's all inside you
It's all inside
What you need to make you happy
It's all inside your head
It's all inside your head
What you need, babe, to make you happy Oh oh
