

# Wishing

## Kilara

I wish I could speak with my dog  
I wish I could speak with my dog  
I wish I could speak with my dog  
'Cause right now it's just a monologue

I wish I could walk on a cloud  
I wish I could walk on a cloud

I wish I could walk on a cloud  
I sure wish cloud walking was allowed  
I wish every wish would come true  
I wish every wish would come true  
I wish every wish would come true  
'Cause it sure feels good when they do
