

# Hemorrhage

## Fuel

Memories are just where you laid them  
Dragging the waters till the depths give up their dead  
What did you expect to find?  
Was it something you left behind?  
Don't you remember anything I said when I said Don't fall away and leave me to myself  
Don't fall away and leave love  
Bleeding in my hands, in my hands again  
Leave love bleeding in my hands  
In my hands love lies bleeding Oh hold me now I feel contagious  
Am I the only place that you've left to go?  
She cries her life is like some movie in black and white  
Dead actors faking lines, over and over and over again she cries Don't fall away and leave me to myself  
Don't fall away and leave love  
Bleeding in my hands, in my hands again  
Leave love bleeding in my hands  
In my hands love lies bleeding And I watched as you turned away  
You don't remember, but I do  
You never even tried Don't fall away and leave me to myself  
Don't fall away and leave love  
Bleeding in my hands, in my hands again  
Leave love bleeding in my hands, in my hands again  
Leave love bleeding in my hands, in my hands again, oh
