

Empty Nesters

Toro y Moi

[Intro][Verse]

Understand [?] making
Everything around you better
But all those zeroes after this one
There is no one to destroy your sweater[Chorus]
I'll try to hum it to you if I can't sing
My baby wants me back before I even leave
[?] and covered by my high school dreams
Call mom and daddy cause the nest is empty
So I ooh, so I ooh[Refrain]
Did you leave with your [?]
Do you still draw in the margins?
Well the light is really [?]
And I wish I had a stand-in[Chorus 2]
Let's try to make another year for the teens
My mischief [?] cut them for me
[?] and covered by my high school dreams
Call mom and daddy cause the nest is empty
So I ooh, so I ooh[Refrain]
Did you leave with your [?]
Do you still draw in the margins?
Well the light is really [?]
And I wish I had a stand-in[Chorus 2]
Let's try to make another year for the teens
My mischief [?] cut them for me
[?] and covered by my high school dreams
Call mom and daddy cause the nest is empty
So I ooh, so I ooh
