

# My Guitar

Ben Lee

Well, I know it's real uncool to say  
You don't need an amp to blow me away  
Don't need to turn up, plug in or go very far  
Just strum a chord on my guitar Well, my guitar is love  
And my guitar's all I need  
And my guitar's so special  
'Cause it plays the songs, not me Well, I can take my guitar to the beach  
And strum out a pop masterpiece  
I work out my favorite songs  
I can do it myself or play along Well, my guitar is love  
And my guitar's all I need  
And my guitar's so special  
'Cause it plays the songs, not me And I don't know what would happen  
If I lost my guitar  
I'd never find another one  
Like the last one I adored  
It's my guitar And I guess that when shove comes to push  
An acoustic guitar doesn't mean you're a wuss  
And when I'm sick of hearing noise  
I sit right down with one of my favorite toys Well, my guitar is love  
And my guitar's all I need  
And my guitar's so special  
'Cause it plays the songs, not me  
It's my guitar
