Mr. Loverboy

Little Mix

You can be my lover
I can be your love
You can be my lover
I can be your love
You can be my lover
I can be your love
You can be my loverLoving you feels so right
From the way you kiss me
And how you hold me tight, no
And every day with you is a surprise
You put a smile on my face
Don't ever wanna have to say goodbyeI can't lie
Yeah, you had me at hello
And it's something you should know, babyBoy, you keep on blowing my mind
Caught up in my emotions
You can be my Mr. Loverboy
The way you make me feel inside
Come back over and over
Won't you be my Mr. Lover, Mr. Loverboy?You can be my lover
I can be your love
You can be my lover
I can be your love
You can be my lover
I can be your love
You can be my loverStart on something brand new
Got me second guessing
If it's really true
Touching from cheek to cheek
And my knees are shaking
Got me feeling weakI can't lie
Yeah, you had me at hello
And it's something you should know, babyBoy you keep on blowing my mind
Caught up in my emotions
You can be my Mr. Loverboy
The way you make me feel inside
Come back over and over
Won't you be my Mr. Lover, Mr. Loverboy?Thought that you would be my Mr. Love
You can be my lover
I can be your love

Won't won't you you be my loverboy?
Hoping you'll be mine, mine, mine
Hoping you'll be mine, mine, mine
Just keep blowing my mindBoy you keep on blowing my mind
Caught up in my emotions
You can be my Mr. Loverboy
The way you make me feel inside
Come back over and over
Won't you be my Mr. Lover, Mr. Loverboy?You can be my lover
I can be your love
You can be my lover
I can be your love
You can be my lover
I can be your love
You can be my loverYou can be my lover
I can be your love
You can be my lover
I can be your love
You can be my lover
I can be your love
You can be my loverYou can be my Mr. Loverboy
