

Fight or Fall (Extended Version) [Rough Mix]

Thin Lizzy

Brothers, here I stand
Spread my wings and take command
The sky he justly planned
The boy become a man After all this time
I tell myself that I'm
Not just wasting time
Oh, you know I'm not that way inclined Brothers, if you hear
Raise your flags and make it clear
There is more to fear
If we wait for another year After all this time
I tell a myself, tell a myself
Tell a myself, tell myself that I'm
Just passing through time After all this time
I tell myself that I'm
Not just wasting time
Oh, you know I'm not that way inclined Brothers, fight or fall
It's man for man and one for all
No more can we crawl
Brothers, brothers hear the call After all this time
I tell myself that I'm
Not just wasting time
Oh, you know I'm not that way inclined Brother, brother
Brother, brother
Brother, fight or fall
It's man for man and one for all Brother, brother
You're the big brother
Brother, brother
You're the big brother
What you want?
We gotta fight for one another
Brother, brother
Fight
