Birds

Crystal Castles

Layers of lace
Held in place
Diagnosed, you're a ghostShow up, throw up into the womb
Show up, throw up into the womb
Show up, throw up into the womb
Show up, throw up into the wombPull out their eyes
Apologize
Emerald waves to lubricateShow up, throw up into the womb
Show up, throw up into the womb
Show up, throw up into the womb
Show up, throw up into the womb
