San Sebastian

Alien Ant Farm

Been losing sleep around you
Don't know just how I found you
We swam in San Sebastian
Broken necks and halo traction
We swam in San Sebastian...
Hearing something not right in your tone
Got a feeling that you're not quite on your own
I swim in San Diego
Tie these bricks to my legs and let go
Tie these bricks to my legs and let go...
[CHORUS]Been losing sleep around you

Don't know just how I found you
Been losing sleep around you
Don't know just how I found you
Please. Don't. Leave. [x2]
I swim in San Diego
Tie these bricks to my legs and let go!
So I'll go through this again
Hear you say that we're just friends
I'll drown in a thousand lakes
If it means that you'll miss me
[CHORUS (repeat ending)]
