The Assembly Line

Commodores

From the moment you thought
You're on the bad line, assembly line
Keeps on messing with your mindFrom the moment your boss
They just came up with
The way you think
Got too down, admittin' itThey tell you you can do your very own thing
Ooh, but try people, see the herded green, yeah
Soon little boys will learn to be ashamed of tears they cry
If a girl wants a football, someone must go in and ask her whyFrom the moment you thought
You're on the bad line, assembly line
Keeps on messing with your mindFrom the moment you thought
You're on the bad line, assembly line
Keeps on messing with your mindLook at the kindly lawyer whom you turn to when in need
Steals with the other lawyer making underhand deals
The judge gives his judgment with his holy book
Doesn't always go by fast but really how you lookFrom the moment you thought
You're on the bad line, assembly line
Keeps on messing with your mindFrom the moment you thought
You're on the bad line, assembly line
Keeps on messing with your mindLove should be beautiful too
If you know know tomorrow if we don't change the world
Life, we gather to save our future children from what we haven't madeFrom the moment they're born
You know, from the moment they're bornThey're on the la-la-la-la-la-la-la-la-la
La-la-la-la-la-la-la-la-la lineFrom the moment you thought
You're on the bad line, assembly line
Keeps on messing with your mindFrom the moment you thought
You're on the bad line, assembly line
Keeps on messing with your mindFrom the moment you thought
You're on the bad line, assembly line
Keeps on messing with your mindFrom the moment you thought
You're on the bad line, assembly line
Keeps on messing with your mind(One, two, three, four)From the moment you thought
You're on the bad line, assembly line
Keeps on messing with your mindFrom the moment you thought
You're on the bad line, assembly line
Keeps on messing with your mindFrom the moment you thought
You're on the bad line, assembly line
Keeps on messing with your mindFrom the moment you thought
You're on the bad line, assembly line

Keeps on messing with your mind
