

# Maybe Iâ€™m Just Tired

## As Tall As Lions

If love comes your way  
Don't be afraid  
Unlock the box you heart's encased  
Hope it wont change  
And beware of the games  
That she'll want to start playing  
Oh, lately babe  
I stay awake thinking this life gets lonely Well maybe i'm just scared  
Scared to let you go  
I want you to know  
Right from hello  
Your love just kept me wondering  
Well maybe i'm just tired  
Tired of never knowing I know i'm not good enough for you If i can be saved  
Show me the way  
Help me help myself, baby  
Don't be confused  
Our love is true  
Just tell by the way i'm looking at you
