She Is Gone

Hidell

She is gone
And so now I
Fine it hard
To believe it was her time
As I look down
To the ground beneath
My heart feels buried
Under my feet

She is gone
And I'm lost inside
Torn apart
By the pain I've try to hide
I try to move on
But I wake up alone
To a shadow

Why you gotta go and leave me this way (Leave me this way)

Well I won't give up on you
I won't give up on you
And I won't give up on you
I won't give up on you

She is gone
And so am I
The way I feel
Is what I deny
All along
I've been looking in
Searching for reasons
Reasons within
