

Make You Love It

Brutha

Yeah, introducing Brutha, let's go
Oh, yeah, yeah, yeah, oh, yeah, yeah, yeah
Oh, yeah, yeah, yeah, oh, yeah, yeah, yeah, yeah Say you can't be my side-chick
But I have been blowin' up ya sidekick
Tryin' to get out she's wants a grown man
But you frontin' and ya boy, can't understand anything You say I am just too much to handle
'Cause all the girls want a ride in the Limo
But none of them hold a candle to you
So what are we gonna do? Why you been playin' like this, why you gotta be on that ish
When we both want this?
I can make you love it, I can make you love it
Yeah, I know you want it, know ya gonna love it When the truck pull up out front, be ready, don't stop
And the horn gon' honk like
I can make you love it, I can make you love it
Come and get on it, I'ma make you love it, yeah, yeah, yeah I been lookin' at you, you been lookin' at me
But you been playin' hard to get you need to holler at me
Gotta pocket full of green in the pocket of my jeans
Poppin', oh, girl, I can give you what you need Why you been playin' like this, why you gotta be on that ish
When we both want this?
I can make you love it, I can make you love it
Yeah, I know you want it, know ya gonna love it When the truck pull up out front, be ready, don't stop
And the horn gon' honk like
I can make you love it, I can make you love it
Come and get on it, I'ma make you love it, yeah, yeah, yeah Just wanna please you, make you feel like you've
neva felt
See, I need you and I don't want no one else but you
I want you, I need you, so tell me what I gotta do Why you been playin' like this, why you gotta be on that ish
When we both want this?
I can make you love it, I can make you love it
Yeah, I know you want it, girl, you gonna love it When the truck pull up out front, be ready, don't stop
And the horn gon' honk like
I can make you love it, I can make you love it
Come and get on it, I'ma make you love it, yeah Why you been playin' like this, why you gotta be on that ish
When we both want this?
I can make you love it, I can make you love it
Yeah, I know you want it, know ya gonna love it When the truck pull up out front, be ready, don't stop
And the horn gone honk like
I can make you love it, I can make you love it
Come and get on it, I'ma make you love it, yeah, yeah, yeah Why you been playin' like this, why you gotta be

on that ish
When we both want this tell me, tell me, tell me, oh, girl?
When the truck pull up out front, be ready, don't stop
When the horn gon' honk like
Beep, beep, beep, beep come on, girl and hop in
