Stronger Than

Pete Yorn

I think I've never been loved
Oh, maybe once when I was younger
Don't know what I was dreaming of
Can't be sure that I was ever
Can it make you happy, no no no
I think I've never been loved
Oh, maybe when you fall [?]
I thought I was old
I was sure it was tailored
Can you make me happy, no no no
Can you make me sad
I gotta know my self
Before I know someone else
Love is stronger, stronger than fear
Love is stronger, stronger than
Stronger than fear
I could love, maybe next year
Oh, but I gotta know my stuff
Before I know someone else
You say you've never been loved
Oh, that's not how you're put together

You know one day you'll have enough
And maybe next time I'll know better
Can it make you happy, no no no
Can it make you sad
I gotta know my self
Before I know someone else
Love is stronger, stronger than fear
Love is stronger, stronger than
Stronger than fear
I could love, maybe next year
Oh, but I gotta know my stuff
Before I know someone else
I gotta know my stuff
Before I know someone else
I gotta know my stuff
Before I know someone else
Love is stronger, stronger than fear

Love is stronger, stronger than
Stronger than fear
I could love, maybe next year
Love is stronger, stronger than fear
Love is stronger, stronger than fear
