Willow

Satchel

Why did we ever put up with you
How could we all be so blind?
A lesson in life to last a lifetime
Always and everytime
Hold on with patience, my love
For the present I'm thinking of
Do what you will, what you must
Deserving of my love and trust
Willow
Tell me a story
Tell me another one please
I'm sure we'd all love to hear it, go ahead
Oh yea, that's the way everytime
To last a lifetime
This is no time for patience
My friends
Well we ever go this way again?
