

# Willow

## Satchel

Why did we ever put up with you  
How could we all be so blind?  
A lesson in life to last a lifetime  
Always and everytime  
Hold on with patience, my love  
For the present I'm thinking of  
Do what you will, what you must  
Deserving of my love and trust

Willow

Tell me a story  
Tell me another one please  
I'm sure we'd all love to hear it, go ahead  
Oh yea, that's the way everytime  
To last a lifetime  
This is no time for patience  
My friends  
Well we ever go this way again?
