Goodbye Vibrations

Bill Baird

goodbye
my darling
goodbye
i'm headed west tomorrow
to follow the glowing sky
your tender arms tried so hard to squeeze
my restless soul
but it won't budge by your pleasI know oyu say a memory can't hold you
but in the end we're all memories anywayso hold me today
and let tomorrow be the time to cry
goodbye, my love
goodbye
so long, my darling
so long
i'll carry your vibration
as I travel on
when we were together
we shone like the sun
but you always I had to leave
and that this day would come
I can't say if my love will linger
a fire left alone will die away
but I won't forget the warmth of this flame of you and I
goodbye, my love
goodbye
