Wine

Mel Tillis

Wine pretty red wine pretty red wine pretty red wine pretty red wine
It cost me my family cost me my home and gave me a dark dirty street to roam
Made me a drifter made me a bum a lookin' for a hand out a lookin' for a chum
To get wine pretty red wine pretty red wine pretty red wine pretty red wine
[steel]
Wine pretty red wine pretty red wine pretty red wine pretty red wine
It's cold in the country cold in the town
It's cold anywhere when you sleep on the ground
I lost all my courage lost all my pride where oh Lord can a wino hide
From wine pretty red wine pretty red wine pretty red wine
