Ooh Ooh

Cheri Dennis

(Adlibs)Its kind of crazy how the way you got me buggin,
Baby I aint never had nothin, nothin like this,
The way you treat me, its like some special kind of lovin
Its all just a little too good, too good to be true
And I wonder is it okay to trust ya, cause baby I come from a different place,
Because if pain means I love ya (?)
And I was thinking maybe I should run but,
I cant even front, cause boy you got me like ooh(CHORUS)
Ooh ooh ooh ooh oooooh
You love is damn good I
Don t know what to do
Sometimes I be thinking
This just cant be true
Baby Im just waiting
To see what you gonna do
If you break my heart and have me cryin, oohBaby now wait a minute, I just got in from workin
And youre already here waiting, waiting on me
Greeting me at the door, with hugs and kisses
And I know I smell something, something cooking in the kitchen
Baby what is this, I know this aint for nothin
Baby you done did something, or maybe Im just tripping
And I keep on trying to run from you but then I cant get enough of you
Boy you got me like oohhhh(CHORUS)We dont even fight
Or are you blind
I was used to before, I met you
Boy you turned on to something new,
All Im askin is you do me rightOoh ooh ooh ooh oooooh
You love is damn good I
Don t know what to do
Sometimes I be thinking
This just cant be true
Baby Im just waiting
To see what you gonna do
Ooh ooh ooh ooh oooooh
You love is damn good I
Don t know what to do
Sometimes I be thinking
This just cant be true
Baby Im just waiting

To see what you gonna do
If you break my heart and have me crying ooooh(adlibs)
