More Than A Conqueror

Marvin Sapp

No matter what comes my way
You're always there for meThrough my failures and my ups and downs
you always help me seeThat if I hold on to your promise
You're always gonna work it outI'm more than a conqueror,
yes I am, yes I am
I'm more than a conqueror
come on and lift your voice and saychorusThrough all life's trials and tests I learned to put my trust in youCause of the power that you gave me
there ain't nothin that I can't doSo I'm gonna stand on your word, know that your able
to always work it outI'm more than a conqueror,
yes I am
ewww
I'm more than a conqueror
come on and lift your voice and saychorusTrust in the Lord
with all of your heartAnd lean not to thine own understandingAll thy ways acknowledge him, and he shall direct thy pathNo matter what comes your way, just lift up your voice and
Ay heychorus
