

Heavenly

Chrom

I take a ride on the darkest night
And I'm much too far from home
All the ghosts that I fear most
Just left me all alone
Never thought this day would come
And I never felt this way
Yesterday I've been so scared
But I don't care for today Heavenly, I'm on my way
I just can't wait to see you there
And I believe that this could be
A brand new life without despair
Suddenly I see your face
You're lost in space, come over here
Suddenly I found the place
I've got the grace, and I don't fear I couldn't breath and I've been so tired
So I had to change my way
I found myself living in a cage
But right now I came out to play
I have to try before I die
And I never felt so good
My inner child is breaking out
I should stop if I could Heavenly, I'm on my way
I just can't wait to see you there
And I believe that this could be
A brand life without despair
Suddenly I see your face
You're lost in space
Come over here
Suddenly I found the place
I've got the grace, and I don't fear
And I don't fear
