Conductor Of Ashes

Comecon

conductor of ashes
the structure of fear
mythic malignance
the realm of screamsthe sacrifice is formalized
by demand of his dreams
we are subject to the freedom
of loyality of self-defeatimage of man
elaborate pain
I see the conductor of ashes in
splendor againimage of dogs
prosthetic of hate
the nightmare and sorrow of men
is his real estatea grave injustice
done to man
the pillars of of wisdom
fell by his hands
vengeant sire
self-mutilatordarkened souls but truth unfolds
in silence of many children
bright lies and cash flows
to the scream of many men(deceptive tyrant...
conductor of ashes)
and we know you commissioned
all our sins from above
in the skies: our lives
desert sands in the windimage of man
elaborate pain
I see the conductor of ashes in
splendor again
image of dogs
prosthetic of hate
the nightmare and sorrow of men
is his real esetatea grave injustice
done to god
etnho-surgery
immortal wounds
plugged in ritual
compulsive advertise
(... master... spirit... guardian)blood
