Anything

Ace Troubleshooter

Lassitude your demeanor
You go on getting leaner
As they dearly sell you anodynes and death
And you're restlessHave you knocks at all the doors?
And can you feel at all
It's all you can do to go on breathing?And I can't stand byI'd do anything, anything at all
To get you, won't forget you
On the other side, over hereHere, my friend, take some of mine
It's freely given and will
Cost you everything you have
But drink, my cup runs overHave you knocks at all the doors?
Have you knocked at all?
It's all you can do to go on wakingAnd I can't stand byI'd do anything, anything at all
To get you, won't forget you
On the other side, over here
It's clearer as your mirror showsYeah, I'd do anything
And I'd do anything
And I can't stand byI'd do anything, anything at all
To get you, won't forget you
On the other side, over hereI'd do anything, anything at all
To get you, won't forget you
On the other side, over hereI'd do, I'd do, I'd do anything
Do anything, do anything
Do anything, do anything
Do anything, do anything
Do anything, do anything
