Let's talk that shit, come on, uhWhy do my past stare at you, uh
Blank as this insanely heart of mine
Feelin' so insecure and lost, uh uh
Such a shame how I keep falling for youI loved you so much
I can't figure out
What you did to keep me so fucked up?
What you do to make me fall in love?
Shit, is all on my mind, my mind, my mindAh, ah
Pain in my heart
Pain in my heart
Pain in my heart
Pain in my heart
Pain in my heartYou are like my drug, so I'm high off you
Your soul's like a ? Into my thang
Why can't you love me babe like I love you, uh uh
Such a shame how I keep falling for youI loved you so much
I can't figure out
What you did to keep me so fucked up?
What you do to make me fall in love?
Shit, is all on my mind, my mind, my mind, my mindAh, ah

Pain in my heart (Problem)
Let's goIf loving you was wrong and my feelings just in this
Situations like a new age, as big as you can
We'd never thought it get deep, and now we stuck in the loop
You know I got somebody but I cant stop thinking of you
I can't stop fuckin' with you, I can't stop lovin' on you
The situation getting tense, what the fuckk we gon' do?
And when we fuck it's the truth, it's no lie

Have you busting bigger and bigger, we fall fly
Love her up ?
Your girl say you stupid but you payin' and no mock
'Cause you know me better than most these hoes
You a diva like my Mila and she supposed to be chosen
By a real one as she got that
To tell her I ain't shit, she's stressin' I'm not set
I'ma tell her I love her, but she think this to herself
How you love me and still go on with someone else, fuckAh, ah
I don't wanna be the cause of (pain in my heart)
Pain in my heart
Pain in my heart
