Circles
Its like the squad called on me
Got me feeling lm not normal
Now you keep goin in circles, circles
I got my circle with me
And theyre aiming at you
It aint a thing to me
But I love youre seein circles
I hop out front on me
I'ma leave you filled with circles
I'm in the clubShe on me
But she really seein' numbers
We all keep dancin til see
That this drinkin just begun us
I know you might be seein circles
Its like the squad called on me
They getting Glock on me
Why you keep goin in circles?
I got my circle with me
And theyre aiming at you
It aint a thing to me
But I love youre seein circlesCircles
My niggaz ,we load it
Aint no tellin we got grimes
Lets keep it that
Lets keep it in the circle
Circles, circles
I know you might be seein circles
Its like the squad called on me
They getting Glock on me
Why you keep goin in circles?
Its like the squad called on me
Got me feeling lm not normal
Now you keep goin in circles, circles
I got my circle with me
And theyre aiming at you
It aint a thing to me
But I love youre seein circles
