La la la la

La la la la

La la la la Never thought that we would ever be more than friends

Now I'm all confused cause for you I have deeper feelings

We both thought it was cool to cross the line

And I was convinced it would be alright

Now things are strange, nothings the same

And really I just want my friend back And my mind's gone half crazy cause I can't leave you alone

(Oh can't get you out of my system)

And I'm wondering if it's worth me holding on

Said my mind's gone half crazy cause I can't leave you alone

(Can't get you out of my system)

And I'm wondering if it's worth me holding on

(Yeah)

I'd hate to walk away from you as if this never existed

'Cause when we kissed the moment after I looked at you different

Yeah lately I gotta watch what I say

'Cause you take things personally nowadays

You used to laugh now you get mad

Damn I just want my friend back And my mind's gone half crazy cause I can't leave you alone

(Oh can't get you out of my system)

And I'm wondering if it's worth me holding on

(Holding on)

Said my mind's gone half crazy cause I can't leave you alone

(Can't get you out of my system)

And I'm wondering if it's worth me holding on Oh oh oh oh oh yeah

What happened to the one I used to know

The one I used to laugh and joke with

The one I used to tell all my secrets

We used to chill and be down for whatever whenever together

And my mind's gone half crazy 'cause I can't leave you alone

(I'm going half crazy baby)

And I'm wondering if it's worth me holding on

(Over you)

Said my mind's gone half crazy 'cause I can't leave you alone

(And I just don't know)

And I'm wondering if it's worth me holding on

(Said I just don't know what to do now) We used to chill we used to hang

We used to do we used to do some many things together

Yeah yeah yeah yeah, oh oh yeah oh oh oh
