Demons

Super Furry Animals

Clarity just confuses me
The lines drawn on a map
A strange assemblyWhen there's northerners in southerners
And westenders in eastenders
And sunny days in January
Left spaces in my diaryBut the demons never need to know
What the demons never got to see
As we fall in and out of line
Stay in touch now for a whileBecause the demons never need to know
What the demons never got to see
As we fall in and out of line
Stay in touch now for a while'Coz I know that
Apathy only ruined me
Hanging around waiting for calamityAnd by the year four million
Our skins will be vermilion
I own a dartboard memory
So I'll forget any felonyBut the demons never need to know
What the demons never got to see
As we fall in and out of line
Stay in touch now for a whileBut the demons never need to know
What the demons never got to see
As we fall in and out of line
Stay in touch now for a while'Coz I know that you know that we know
They don't know what's going onAnd the demons never need to know
What the demons never got to see
As we fall in and out of line
Stay in touch now for a whileBut the demons never need to know
What the demons never got to see
As we fall in and out of line
Stay in touch now for a whileBut the demons never need to read
What we never got around to write
A flirt with mediocrity
Comes with heavy penaltyBut the demons never need to read
What we never got around to write
A flirt with mediocrity
Comes with a heavy penalty'Coz I know that you know that we know
They don't know what's going on
