Rancho Santa Fe

Evan Dando

Softened by something the darkness has done
The moon can speak to the?
She flows on so quiet
Tired and returned what was brittle and broken now thenI noticed a change in your eyes
In the stars, and the river and I
No longer fooled
Finally able to catch
The ghosts flying into the nightArise
Flying into the, falling into the night
Arise
Falling into the, flying into the night
Time wills forgiveness upon us at last
The wind sighs a prayer at the sun
? is quiet as clouds move above
The stars shine together as oneArise
Flying into the, falling into the night
Arise
Falling into the, flying into the nightArise
Falling into the, flying into the night
Arise
Flying into the, falling into the nightFalling into the night
Falling into the night
Rancho Santa Fe
Put the other esterita round itself
Spray with water, and restore to health
Let it sleep, still it keeps waking up
