

Shine

Case

Oh babe
Little lady dyin' to find
The love that she can call her own
She can't be alone
And that's where she's callin' my name, ooh yeah
See I know that she can love me deeply
If she could have the time
To get her look just right
And then maybe she could be mine, oh yeah 'Cause she's just tryin to shine
To find something to get out of life
When will she realize
That the answer is right there in front of her eyes She go crazy thinking 'bout things
She can't afford to have today
She need to come on and love me for me
I've been known to make a way, hey, ooh wee
I know me and I can't love her like that
I can be different from another man
'Cause she's so fine and somehow or someway
I'm gonna make that girl mine 'Cause she's just tryin to shine
To find something to get out of life
When will she realize
That the answer is right there in front of her eyes 'Cause she's just tryin to shine
To find something to get out of life
When will she realize
That the answer is right there in front of her eyes Do you baby?
Do do do do do do do, uh huh
Oh, uh yeah, hey, hey 'Cause she's just tryin to shine
To find something to get out of life
When will she realize
That the answer is right there in front of her eyes 'Cause she's just tryin to shine
To find something to get out of life
When will she realize
That the answer is right there in front of her eyes 'Cause she's just tryin to shine
To find something to get out of life
When will she realize
That the answer is right there in front of her eyes
'Cause she's just tryin to shine
To find something to get out of life
