

In the Summertime

Shaggy

It's a summer time affair, Shaggy ha! Rayvon
Sun and fun in the Atmosphere, oh yes In the summertime when the weather is high
And you could stretch right up and touch the sky
Now when the weather is fine
You got women, you got women on your mind
I'm gonna drive in light and see now what I can find Now if her daddy is rich, take her out for a meal
And if her daddy is poor, just a do what you feel
Speeding down the lane even though the speed limit is 25
And when the sun goes down, I'll make it with my cutie pie Weh me say! Pretty little woman sexy as can be
Sweet as honey, sting like bumblebee
Shaggy say! Pretty little woman sexy as can be
Sweet as honey, sting like bumblebee It's a summer time affair in the Atmosphere
I'm a lover I tie around the clothes she wear
Some o' them a burn off them tire, some o' them drive down gear
Well, some o' them shine up an' a wax up, not a sign off smear Got to be rolling in my chrisas that the girl them
stare
This is Shaggy and Rayvon as your ultimate pair
Taking care of our careers so tell the world beware
'Cause it's a brand new selection for your musical ear We say, we say what we want and we say what we need
And we love everybody but we do as we please
And when the weather is fine
We go fishing, we go fishing in the sea
We're always happy to live life, that's our philosophy Now if her daddy is rich, take her out for a meal
And if her daddy is poor, just a do as you feel
Speeding down the lane even though the speed limit is 25
And when the sun goes down, I'll make it with my cutie pie Sweat a run off her body with her caramel skin
I man smiled at her, she looked at me and gave me a grin
I man offered her a drink and she said 'juice and gin'
And as I whispered in her ear I asked her, 'How you doing?' Where was it that I reside? and I told her Brooklyn
Atmosphere filled with romance eyes her sparkling
Just her voice and what she said, I let my poor head spin
Ragamuffin Shaggy now with a musical swing I say, pretty little woman sexy as can be
Sweet as honey, sting like bumblebee
Shaggy say! Pretty little woman sexy as can be
Sweet as honey, sting like bumblebee Well, in the summertime when the weather is high
And you could stretch right up and touch the sky
Now when the weather is fine
You got women, you got women on your mind
I'm gonna drive in light and see now what I can find Now if her daddy is rich, take her out for a meal

And if her daddy is poor, just a do what you feel
Speeding down the lane even though the speed limit is 25
And when the sun goes down, I'll make it with my cutie pie Weh me say! Pretty little woman sexy as can be
Sweet as honey, sting like bumblebee
I say, pretty little woman sexy as can be
Sweet as honey, sting like bumblebee It's a summer time affair in the Atmosphere
I'm a lover I tie around the clothes she wear
Some o' them a burn off them tire some o' them drive down gear
Well, some o' them shine up an' a wax up, not a sign off smear Got to be rolling in my chrisas that the girl them
stare
This is Shaggy and Rayvon as your ultimate pair
Taking care of our careers, so tell the world beware
'Cause it's a brand new selection for your musical ear In the summer time, in the summer time
Sweet a summer time I say, pretty little woman sexy as can be
Sweet as honey, sting like bumblebee
