Green Card

Peter Metro

Ooo ooo ooo oooYou're a lost bird
Invisible falcon
Clipped wings flying over ghost mountains
I got you baby, got your back baby
I got you baby, got your back babyYou're an outlaw with no identity
You want more but you ain't got no money
I got you baby, got your back baby
I got you baby, got your back babyI'm your opportunity
Don't you give up, don't you don't you give upHere you're warm
So don't fly south
No, don't fly south
Stay in my heart
I am your green card
I am your green card
So stay with me Ã— 4Little wing
Flew into a window
Seeing stars but the stripes are out of reach, so
I picked you up baby, always pick you up baby
I picked you up baby, always pick you up babyI'm your opportunity
Don't you give up, don't you don't you give up
Don't you give up, don't you don't you give up
Baby it's okay to fall for me
Gotta give in, gotta gotta give inChorus
