Falter

SOiL

End

Way

Falteri haven't rendered this to anyone before

the book is open

and its spilling on the floor

comes once again

I'm buried in sin

all hope is goneend

way

falterfalling down againend

way

falterfeeling down againwaves come crashing ever lasting

this amount of pain

forever changing, anticipating

the same mistakes I've madeit comes once again

I'm buried in sin

all hope is goneend

way

falterfalling down againend

way

falterfeeling down againfeeling down againI'm feeling down againend

way

falterfalling down againend

way

falterfeeling down again

(I'm feeling down again)end

way

falter

(I'm falling down)falling down again

(I'm falling down again)
