

Come Get Us Again

Rose Windows

Sometimes I go out walking
But most the time, I don't know what I'm doing.
Some nights I go out drinking
But most the time, I don't know what I'm thinking.
This morning I went out trekking
I could feel the wind in my eyes
And I just kept on thinking
What would be my next surprise
Will I see all my loved ones
Will I see all my friends
Will I see all my old lovers
Crying from the fence
There's gotta to be more than nothing
There's gotta be something
Just what what whats gonna happen
when we finally reach our end
Just what what whats gonna happen
when they turn around and come and get us again
Come get us again
Come get us again
Come get us again
Come get us again
I don't know just what I'm doing
And neither neither do you
But everything's all right kid
I'll leave it up to you
I'll leave it up to you
I'll leave it up to you
I'll leave it up to you
