C'mon Everybody

Ufo

C'mon everybody and let's get together tonight
Got some money in my jeans and I'm really gonna spend it right
No more movies for a week or two
No more running 'round with the usual crew
Ah, who cares?
C'mon everybody
Well, my baby's number one but I gotta dance with three or four
The place is really shaking form the bare feet slapping on the floor
When you hear the music you can't sit still
Your brother won't rock but your sister will
Whoo
C'mon everybody

My place is really rocking, so we gotta put a guard outside
If my folks come home, I'm afraid they're gonna have my hide
No more movies for a week or two
No more running 'round with the usual crew
Who cares?
C'mon everybody
C'mon everybody and let's get together tonight
Some money in my jeans and I'm really gonna spend it right
No more movies for a week or two
No more running 'round with the usual crew
Ah, who cares?
C'mon everybody
