I Turn Around

Bad Veins

I remember when you dyed
Your hair to look like fire
So many ways you tried
So many plans backfiredAnd I remember when you stayed
You stayed behind when we all moved so far away
And I remember when you always needed me
And I remember the last timeWill you remember me if we meet again
A long time from now
If I catch up with you somehow
The more time passes by
I turn around less often I've found
But I'll catch up with you somehow
I remember when you dyed
Your hair to look like fire
One of so many ways you tried
One of so many plans backfiredAnd I remember keeping score
Who won or lost? Who can remember anymore?
What happened forever ago doesn't matter now
Because it's not the same without you aroundWill you remember me if we meet again
A long time from now
If I catch up with you somehow
The more time passes by
I turn around less often I've found
But I'll catch up with you somehow
I hear your voice
But it's fading
Into the noise
I wade in
I see you all
Through my new town
I have to stop
I turn around
