

Whole Amoeba

Wheatus

Bumping around in the back
In the dark I see people
Huddled around the girl
She is the one in the back of the bar
With a photo of Nixon and Mary-Jane
I am the one in the back of the bar
With my hat on, I'm chillin' with Mary-Jane
She is a chick who knew Dick
And she kicks to me old school
Like she gonna have a cow
It's alright, it's alright, it's alright, it's alright
When we're huddled around the girl
It's alright, it's alright, it's alright, it's alright
When we're huddled around the girl

You had a hold on me but just for a while
And I finally found out what it is that she's all about
You had a hold on me but just for a while
And I finally found out what it is that she's all about
Fuck the police, coming straight for my underwear
Young brother got it bad 'cause it's brown
You had a hold on me but just for a while
And I finally found out what it is that she's all about
You had a hold on me but just for a while
And I finally found out what it is that she's all about
And I finally found out what it is that she's all about
And I finally found out what it is that she's all about
