

# Live Your Dreams

## Antoine Clamaran

Who do you follow when you're lost in your dreams  
Who do you whisper your sweetest melodies  
In the darkness and the moonlight  
You're searching for the one  
I will take away those memories  
'Cause angels like the sun  
When you  
Live your dreams, live your life  
Happiness is now and forever  
I want you to know that  
You can love you can fly  
Don't you know its minor the matter  
You know this when you  
When there are crumbles  
Disappears before your eyes,  
The beyond, the emptiness  
There's only you and I  
I'm the energy and the thunder  
That raises through your heart  
I'm that everlasting love in you  
No matter where you are  
When you  
Live your dreams, live your life  
Happiness is now and forever  
I want you to know that  
You can love you can fly  
Don't you know its minor the matter  
You know this when you  
Live your dreams, live your life  
Happiness is now and forever  
I want you to know that  
You can love you can fly  
Don't you know its minor the matter  
You know this when you  
You can live, you can love  
You can live, you can love  
When you  
Live your dreams, live your life  
Happiness is now and forever  
I want you to know that  
You can love you can fly  
Don't you know its minor the matter  
You know this when you  
You can live

You can love
