

Solo Dolo (Nightmare)

Kid Cudi

listen good i don't have nobody
but what i might feel all the sounds of sanity
hoping what i hear loops itself continuously
then i won't be afraid no no
ohwo ohwo ohwo
why must it feel so wrong when i try and do right, do right
ohwo ohwo ohwo
soaring through paradise when im closing my eyes
i'm... mr. solo dolo.
oh oh oh, oh oh

look at me you tell me just what you see
am i someone whom you may love or enemy
am i speaking for you and yours or someone else
i need some answers yea yea
ohwo ohwo ohwo
why must it feel so wrong when i try and do right, do right
ohwo ohwo ohwo
soaring through paradise when i'm closing my eyes
i'm... mr. solo dolo
oh oh oh, oh oh

my world turns flippin the verb keep the ones who fig-ure me outcast
lone not the duo back a sick of hieghts when they knew who
don't know the brother was a strange one boo hoo
cry me a river hater look who traveled out a igloo
cold cold wolrd wasn't fit for me at all look it where i stand at tall
cut cha my kid cudi bizoss mute mother fuckers back home quick pause
gargle on my mayo look at me a bit i'm the one you think to fail
floatin in my mind no sail ahoy...ahoy

listen good i don't need nobody
this is what you feel all the sounds of insanity
hopin what i hear loops itself to finish me
no i won't be afraid hey, hey
ohwo ohwo ohwo
why must it feel so wrong when i try and do right, do right
ohwo ohwo ohwo
soaring through paradise when im closing my eyes

i'm... mr. solo dolo.
oh oh oh, oh oh
why must it feel so right when i know that it's wrong, it's wrong
when will i ever learn from the words in my songs
i'm mr. solo dolo
