

Don't Be Afraid

Yellow Ostrich

Don't be afraid
These people tear at you,
But they don't have time
To do more than try,
So don't be afraid. The city bleeds red
It takes more than I can bear
But outside these walls,
A quiet voice calls
Don't be afraid. I know you are lost
I know there's some kind of doubt
But if I am fake,
Don't let me wake,
And don't be afraid And all the things I said to you
And all the things I know you want me to
They seem distant now,
But soon they'll be found,
So don't be afraid.
