

# Get My Name

Mark Ballas

Hey babe  
Gimme sugar, so sweet, but I'm kinda bitter  
Oh you wanna take me home  
Meet your mama  
But your daddy he can't be around

Uh huh, I like it, you wanna play rough?  
Then let me bite it  
Oh an' it feels so good with ya baby  
But I ain't tryna settle down

Girl what did you do  
Got me in and outta trouble  
Like I been drinkin' double  
Can't no body touch ya 'cos you got it  
You got it babe

In and outta trouble  
Like I been drinkin' double  
Can't no body touch ya 'cos you got  
You got it babe

Go ahead, girl you're gonna get my  
Go ahead, girl you're gonna get my name  
Go ahead, girl you're gonna get my  
Go ahead, girl you're gonna get my name  
Go ahead, girl you're gonna get my  
Go ahead, girl you're gonna get my name  
Go ahead, girl you're gonna get my  
Go ahead, girl you're gonna get my name

Hey babe  
I got issues  
No drug can match the rush that you give me  
Oh take me high  
To your planet  
An' I ain't ever comin down

Girl what did you do

Got me in and outta trouble  
Like I been drinkin' double  
Can't no body touch ya 'cos you got it  
You got it babe

In and outta trouble  
Like I been drinkin' double,  
Can't no body touch ya 'cos you got  
You got it babe

Go ahead, girl you're gonna get my  
Go ahead, girl you're gonna get my name  
Go ahead, girl you're gonna get my  
Go ahead, girl you're gonna get my name  
Go ahead, girl you're gonna get my  
Go ahead, girl you're gonna get my name  
Go ahead, girl you're gonna get my  
Go ahead, girl you're gonna get my name

Girl you're gonna get my, get my  
Girl you're gonna get my name  
Girl you're gonna get my, get my  
Girl you're gonna get my name

Tell me what did you do

Got me in and outta trouble  
Like I been drinkin' double  
Can't no body touch ya 'cos you got it  
You got it babe

In and outta trouble  
Like I been drinkin' double,  
Can't no body touch ya 'cos you got  
You got it babe

Go ahead, girl you're gonna get my  
Go ahead, girl you're gonna get my name  
Go ahead, girl you're gonna get my  
Go ahead, girl you're gonna get my name  
Go ahead, girl you're gonna get my  
Go ahead, girl you're gonna get my name  
Go ahead, girl you're gonna get my

Go ahead, girl you're gonna get my name

Go ahead, use it baby
