Got this feelin' in my head
It won't go away, noGot this feelin' in my head
It won't go away, no
Got this feelin' in my head
It won't go away, noI keep on tryin' to make it up to you and I would be lyin'
To play a game with you so I just keep walkin'
Not thinkin' it all through or even talkin'
To people about youGot this feelin' in my head
It won't go away, no
Got this feelin' in my bed
When I start the thing upGot this feelin' in brain
I wish it would go
Sometimes I just feel insane
I deal with the pain thoughI keep on tryin' to make it up to you and I would be lyin'
To play a game with you so I just keep walkin'
Not thinkin' it all through or even talkin'
To people about youFrom start to cold, new to old, brave to bold, paid to sold
Fresh to crust, still to rust, sure to must, skin to dust
Gas to fire, phone to wire, played to hire, claim to flier
Head to hat, tape to that, tells a cat, snares a slackRed to pink, plate to, zinc smells a stink, edge to brink
Paid to waltz, shops the malls, tops the talls, pops the collars
Stomps it out, puff to pout, in to out, rain to drought
Shout to scream, sleep to dream, split to seam, unless you want meGot this feelin' in my head
It won't go away, no
Got this feelin' in my bed
When I start the thing upGot this feelin' in my head
It won't go away, no
Got this feelin' in my bed
When I start the thing up
